### Purpose of agreed upon procedures

The purpose of the agreed upon procedures are to provide a report to Aryze ApS and its stakeholders, wherein the supply of eEUR, eUSD, eSGD, eGBP and eGOLD is assessed against the portfolio value, assets held in banks and financial institutions, as well as allocations from third parties.

This report is issued in accordance with procedures agreed upon with Aryze ApS. Consequently, it may not be suitable for other purposes.

### Managements responsibilities

Management has confirmed that the agreed upon procedures are relevant to the purpose of the statement. Management is responsible for the subject matter on which the agreed-upon procedures are performed.

### Auditor's responsibilities

We have performed the agreed upon procedures in accordance with the international standard on related services (ISRS) 4400 (revised) Services on agreed work actions and additional requirements according to Danish auditor legislation.

An assignment of agreed upon procedures implies that we carry out the procedures agreed with Aryze ApS and report on the observations, which are the actual results of the carried out agreed upon procedures. We do not comment on the suitability of the agreed upon procedures.

This assignment on agreed upon procedures is not assurance opinion. We therefore do not issue an audit opinion or express any other type of conclusion with assurance.

If we had carried out additional procedures, other conditions could have been found and reported.

### Professional ethics and quality management

We have complied with relevant provisions in the Danish Auditors Act and the International Ethics Standards Board for Accountants' international guidelines for the ethical conduct of auditors (IESBA Code), including principles of integrity, objectivity, professional competence and due diligence and the independence requirements in the IESBA Code.

Grant Thornton, Godkendt Revisionspartnerselskab is subject to the international standard on quality management, ISQM 1, that require us to design, implement and operate a quality management system, including policies or procedures relating to compliance with ethical requirements, professional standards and applicable laws and regulations.
