

A Life Insurance Alternative

For as low as

\$2/Month

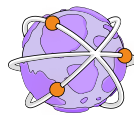

What is The LifeDAO?

The LifeDAO (TLD) is a modern life insurance alternative that empowers communities to protect one another. Designed for affordability and ease of access, TLD provides a seamless digital sign-up process, cross-border flexibility, and global payouts in USDC that traditional life insurance cannot match. Members also benefit from surplus redistribution, all backed by ethical, Shariah-compliant principles and blockchain transparency.

Key Features of TLD

Affordable protection

Global access and flexibility

Surplus Redistribution

Fast and easy to use

Shariah-complaint and ethical

Patented technology by Takadao

Facts About TLD

-  **Borderless:** Global payouts, ideal for digital nomads & expats
-  **Fast & Easy:** Secure membership in just 24hrs.
-  **No Medical Exam:** Kick-start your protection without medical examination.
-  **Non-Profit Model:** TLD operates to benefit its members, not shareholders.
-  **Surplus Redistribution:** TLD's surplus is shared among members.
